

Information Note:

Agricultural Calendar for the 2026 second cropping season in the Southern part of Cameroon (Centre, East, South, West, North-West, South-West and Littoral regions)

In Cameroon, the Agricultural sector is severely affected by the adverse effects of climate change. To address this and help communities adapt more effectively, the **National Observatory on Climate Change (NOCC)** has produced the **Agricultural Calendar for the 2026 second Cropping Season in the Southern part of Cameroon**, comprising the **Centre, East, South, West, North-West, South-West and Littoral** regions.

This calendar contains information on **rainfall amounts** in the **Grand South** for the period from **August to November 2026**, the **start dates of the long rainy season** in the **bimodal rainforest zone** (**Centre, East and South** regions), **sowing dates**, as well as the other stages of the **technical guidelines** to be followed during this second agricultural season.

The onset of the long rainy season, is therefore expected between:

- **17 and 29 August 2026** in the **South** region, the **southern parts** of the **Centre** region (**Nyong-Et-Kelle, Nyong-Et-So'o, Nyong-Et-Mfoumou and Mefou-Et-Akono divisions**), and the **southern part** of the **East** region (**Haut-Nyong and Boumba-et-Ngoko divisions**);
- **23 and 29 August 2026** in the **central and northern parts** of the **Centre** region (**Mfoundi, Lekie, Mefou-Et-Afamba, Haute-Sanaga, Mbam-Et-Inoubou, Mbam-Et-Kim divisions**, and the **northern parts** of **Nyong-Et-Kelle, Nyong-Et-Mfoumou, Mefou-Et-Akono** and the **north-eastern part** of **Nyong-Et-So'o**), the **East** region (**Kadey, Lom and Djerem divisions**, and the **northern parts** of **Haut-Nyong and Boumba-Et-Ngoko**), and the **south-eastern part** of the **West** region, in the **Noun division (Massangam)**.

Proposed dates for the effective onset of sowing, between:

- **19 and 31 August 2026** in the **South** region, the **southern parts** of the **Centre** region (**Nyong-Et-Kelle, Nyong-Et-So'o, Nyong-Et-Mfoumou and Mefou-Et-Akono divisions**), and the **southern part** of the **East** region (**Haut-Nyong and Boumba-Et-Ngoko divisions**);
- **25 and 31 August 2026** in the **central and northern parts** of the **Centre** region (**Mfoundi, Lekie, Mefou-Et-Afamba, Haute-Sanaga, Mbam-Et-Inoubou and Mbam-Et-Kim divisions**, the **northern parts** of **Nyong-Et-Kelle, Nyong-Et-Mfoumou, Mefou-Et-Akono** and the **north-eastern part** of **Nyong-Et-So'o**), the **East** region (**Kadey, Lom and Djerem divisions**, and the **northern parts** of **Haut-Nyong and Boumba-Et-Ngoko**);
- **15 and 31 August 2026** in the **northern part** of the **East** region (**Bagbel, Garoua Boulai, Mbitom, Kongolo, Bongon, Bodomo, etc.**), the **South** region (**Kribi, Londji, etc.**) and the **Centre** region (**Ngambe Tikar, Sangbe, Ndipain, Makenene, Yoko, Matomb, etc.**), in the **Western Highlands (North-West and West regions)** and the **monomodal rainforest zone (Littoral and South-West Regions)**.
